USCF NATIONAL RATING LIST—1960 by J. F. Reinhardt, USCF Rating Statistician

This list contains the names and performances of the approximately 3800 players who competed in the 393 events rated by the USCF between November 1959 and November 21, 1960. Of these events, 332 were printed in Rating Supplements 1 to 5 (see "Chess Life" December 5, 1959 and March 5, May 20, August 5, October 20, 1960); while the remaining 61 are listed below for the first time. Taken all together, these lists show in the most graphic and unmistakable manner the tremendous acceleration of American chess. Our students' victory at Leningrad and our fine showing at Leipzig find their echoes and counterparts in the hundreds of weekend tournaments that are being played in all parts of the country-from Minnesota to Florida and from New York to California. Players of master and near-master strength are now found in areas where, only a short time ago, passed pawns were as rare as buffalo and smothered mates were problems for the coroner. For the first time, American chess is growing at a rate that is not altogether out of proportion with our growth in other fields. It is possible, in the post-Sputnik U.S.A., for a chess player to be an optimist about the future of the game in this country without feeling that he is nervously whistling in the dark. There may be new Bobby Fischers on the 1960 list-time will tell. At any rate, the "old" Bobby is certainly there—in the coveted No. 1 Spot!—and there are quite a few of his younger contemporaries listed as well, with ratings that the envy of many players of twenty years' standing.

All this has meant, of course, among other things-more work! More work for tournament organizers and directors, more work for rating statisticians,-more work for everyone connected with the promotion and improvement of American chess. As far as the rating system is concerned, we can look back on 1960 with a feeling that we have begun to accomplish many things long-promised and hitherto impracticable. Since May 1960 we have been using the improved rating system, devised after much study and work, by Prof. Arpad Elo; since August 1960 we have been rating tournaments almost as fast as they have been coming in and printing the results with the frequency and speed that our members have insisted upon. Intelligently interpreted, this National List-together with the five supplements previously published—can tell us a great deal about Who is going Where and How Fast; about which areas of the country are showing the greatest growth and improvement; about where we can look for our future grandmasters and international representatives. No one connected with the USCF rating system has any delusions about what ratings are for. None of us imagines that we are trying (in the words of Tony Santasiere) to "measure the beauty of a rose"-and not succeeding in this mystical enterprise. We do not claim to measure "beauty", "ability", "strength", or "talent". We are simply trying to measure, with greater accuracy than ever before, the performances of American chessplayers relative to one another. Not a very romantic task, to be sure-but one that has a certain value, like stock market prices and baseball batting averages. But, as anyone who has ever invested in stock or bet on a ball club can testify, figures by themselves mean little or nothing. They are simply aids—invaluable aids, in fact—to help an intelligent person arrive at limited but reasonably clear conclusions. We all know that Fischer and Reshevsky are very strong-the question "how strong?" is not going to be answered by this, or any other rating list. But a glance at this list (and comparison with earlier lists) will tell us a great deal about American chess that may not be as obvious as the ability of Messrs. Fischer and Reshevsky.

In using this list, a number of things must be borne in mind. In the first place, some of the outstanding American players-most notably Donald Byrne, Kashdan, and Horowitz-have been inactive during the period covered here, and their names have therefore been omitted. Secondly, those players who have competed so successfully abroad-at Leningrad, Leipzig, and elsewhere-are "under-rated" since their foreign performances are not included in their ratings. It's sad but true, that Bill Lombardy's beautiful win over Spassky didn't raise his rating a single point; neither did the wonderful performances abroad of Robert Byrne, Weinstein, Kalme and others lift their averages any closer to the Grandmaster category. We can say, without mincing words or trying to dodge the issue, that this is a serious defect in the presentrating system, and one that should be remedied as soon as possible. But the remedy, needless to say, must stop short of having us rate the performances of all the tournament players in the world! It must also not (RATING LIST-Continued on Page 2)

ATTENTION:

ALL NON-MEMBER CHESS LIFE SUBSCRIBERS

As of January 1st, 1961, the subscription price to readers of CHESS LIFE who are not members of USCF will be raised to \$4.00 per year. Previously, it cost \$3.00 per year to receive CHESS LIFE without any of the many benefits of USCF membership. Because of increased printing costs that will be incurred when CHESS LIFE formally goes into a monthly magazine, it was necessary to raise the price of CHESS LIFE to non-members.

Now is the time, to renew your subscription to CHESS LIFE by becoming a USCF member. Here are four important reasons why you should now become a member of the USCF:

Membership in USCF costs only \$5.00 per year—only \$1.00 over a non-member subscription.

- USCF members get big discounts on books and equipment.
 The savings that you enjoy on your purchases will easily amount to more than your dues, so that your annual dues will cost you actually no more than you would be paying as a non-member subscriber.
- You can get a national rating and your name and standing will appear in CHESS LIFE—this privilege is denied to non-USCF members.
- You can compete for titles and prizes conducted by USCF and its affiliated Chapters throughout the United States.

If you are now a non-member subscriber, send in \$5.00 USCF membership dues and your subscription to CHESS LIFE will be renewed for one year.

UNITED STATES CHAMPIONSHIP PLAY NOW UNDER WAY IN NEW YORK

Play in the Lessing J. Rosenwald Tournament for the United States Chess Championship and the Frank J. Marshall Trophy—won for the last three years in succession by Robert Fischer—began in the Empire Hotel, Broadway and 63rd St., New York City, on Sunday, December 18. According to the schedule received at press time, the tournament will pit twelve of the country's top players against each other in an eleven-round round robin. The schedule indicates that the following players will compete: Bobby Fischer, Samuel Reshevsky, William Lombardy, Robert Byrne, Pal Benko, Arthur Bisguier, Raymond Weinstein, Anthony Saidy, James T. Sherwin, Hans Berliner, Herbert Seidman, Charles Kalme. Referees will be Hans Kmoch and Frank Brady.

WILLIAM GOULD WINS RHODE ISLAND OPEN TITLE

The Rhode Island Open played in Providence in June, 1960, saw the short 4 round Swiss taken by William Gould, who had just placed third in the tough New England Amateur Tourney in Boston a few weeks before. Gould's 3½-½ score was a full point better than that of 2nd place Raymond March. Russell Church took 3rd place with an even 2-2 score, providing a bit of an upset, since he was the lowest rated player in the 10 player Class A Section. Winner Gould's brother, Peter, is the 1960 Colorado State Champ. Robert Barry won the Class B Open Championship. The tournament was sponsored by the R. I. Chess Association, and directed by Andrew Arsenault.

SOUTHERN CAL

The veteran Sven Almgren scored 7-1 to take top honors in the Southern California Championship, an 8 round event with 38 players, played at the Steiner Group, Los Angeles in September and October. Irving Rivise, Saul Yarmak, and F. Hufnagel, who placed 2nd to 4th respectively, qualified thereby, along with Almgren for the 10-player finals of the California State Championship, played over the Thanksgiving Day weekend at San Francisco. Rivise scored 61/2-11/2, while Yarmak and Hufnagel tied with 2-2 game scores, with Yarmak taking 3rd place by 1/2 a median point. C. Diesen placed 5th with 5½-2½. The event was directed by M. D. Rader.

be something purely arbitrary-tacking on points according to some kind of "bonus system"-since that would affect the integrity of the entire rating system . . .

It looks like more work for Prof. Elo!

Note:-The present list is the first to incorporate the "anti-attrition factor"-which is not something out of science fiction, but a simple method devised by the Rating Committee to keep players who compete in many events from losing points. At the end of each year, every player receives one additional point for every tournament in which he competed during that time. This is not a Christmas present or an "extra," but is simply a correction introduced to prevent players from losing points unfairly. The whole matter has been covered by Prof. Elo in one of his reports on the statistical theory of the present Rating System.

BOOST AMERICAN CHESS Join the USCFI It is always a sound opening move.

A LEAGUE OF NATIONS

by USCF Master Emeritus William Ruth

Among my most cherished memories of childhood, still vivid as of yesteryear, is one of grandmother, amply filling her favorite rocker, while she counted buttons on my jacket. I was at that age of make-believe when buttons of bone became interesting personalities, lyrically to be counted as; "Rich man, poor man, beggar man, thief; Doctor, lawyer, merchant, chief." The dear old lady, little knowing, was answering a question, not to be asked until the lad on her knee would, himself, be a grandfather and how well she answered it. Who plays chess?

Chess is the ideal socialism. The poorest may play with the richest; the teen-ager with the octogenarian; the cleric with the sinner, all regardless of nationality, creed or social position. Ability to play well is the only measure of your stature. The honored and distinguished of our mundane existence may well be the veriest tyros over the chequered field. The novice gets as much pleasure out of his feeble efforts as does the expert from his sacrificial brilliancies.

The fascination of the chess room is inexplicable. The devotee's insatiable appetite for the game passes all understanding. It is here that we meet a conglomerate of interesting characters, fit for a Dickens, a Lytton or a Scott; all happy, all equal, all members of this royal kingdom of the mind.

In Philadelphia, we all have a proprietory pride in Benjamin Franklin. It was here that he munched a bun, saw a girl and discovered electricity. Also, it was here, that he recorded the first game of American chess to which we can affix a date; 1734. The following extract from his autobiography gives a wonderful insight into his practical philosophy.

"I had begun in 1733 to study languages; I soon made myself so much a master of the French, as to be able to read the books in that language with ease. I then understood Italian. An acquaintance who was also learning it, used often to tempt me to play at chess with him. Finding this took up too much of the time 1 had to spare for study, I at length refused to play any more, unless on this condition, that the victor in every game should have the right to impose a task, either of parts of the grammar to be got by heart, or in translations, which tasks the vanquished was to perform upon honor before our next meeting. As we played pretty equally, we thus beat one another into that language."

In chess, are more anomalies, contrasts that surprise and confuse. Franklin, the student, and Tamerlane, the barbarian, both played. Ruy Lopez, the Spanish priest, and Charlemagne the Great enjoyed the royal game; the padre between prayers; the emperor between conquests; one in the sheltered cloisters of the abbey, the other on the field of battle. Chess is not only for the highly

cultivated mind. We have played in the stockyards of Chicago, aromatic games to be long remembered, and on the sands of Miami, and we have met many, all different yet all alike in their love of the game.

Peace and Harmony, the two little men for whom the League of Nations was internationally conceived, have, as yet, shown little or no interest in the round table discussions of that august body. They remind us of the little man who wasn't there. How different when the table is one of sixty-four squares! Here we find a miniature league of nations meeting in peace and harmony and good-will. The language of chess is universal. Issues are joined and decisions reached and friendly conditions prevail. No blood is let, no recriminations made and no scars to be healed. From chess we can learn much.

Every tournament savors much of the international. Here, in Philadelphia, we met Koppany from the land of the Magyar, Chu from the Celestial Empire, Dreher from the home of Johann Strauss. Onaga, a son of the Rising Sun and Cali from the Pampas of the Gaucho, Sklaroff from the land of the Russian Bear.

Enough to prove our point, that Homosapiens, engrossed in chess, is at peace with the world and the world is his friend. Here he is at his best.

7. N-R4 P-KB4 8. Q-Q2 9. PXP

A good alternative is 9, 0-0-0, because 9., P-B5 is not affective here. E.g.: 9. O-O-O, P-B5; 10. B-B2, B-B3; 11. KN-K2, B-R5; 12. B-N1! followed by K-N1 and pressure on the Q-side, while Black can't go all the way on the Kside because of a possible exposure of its own King.

PXP 10. B-Q3 Q-K2 Choosing the wrong square for his Queen. Better 10., P-QR3 followed by 11., Q-K1. 11. 0-0-0 P-QR4

This move in connection with the subsequent manouever of the QN creates a couple of tactical threats, but diminishes Black's prospects for a break through on the Q side.

achievements of the great Czech-players-no list of whom would be complete without your own name at or near the top. Your appreciation of the chess tradition of Morphy, Pillsbury and Marshall is gratifying to all Americans. Your references to Abraham Lincoln and Benjamin Franklin-two controversial political figures in the light of historical research-prompt me to toss in your direction a quotation from each.

"As I would not be a slave, so I would not be a master. This expresses my idea of democracy. Whatever differs from this, to the extent of the difference, is no democracy." A. Lincoln.

"They that can give up essential liberty to obtain a little temporary safety deserve neither liberty nor safety." B. Franklin.

It is possible that these reactionary sentiments may result in the ejection of Lincoln and Franklin from the current Czechoslovak version of history. If such should be the case, I take comfort in the thought that they will nevertheless undoubtedly retain their proper places in World History, along with Masaryk, and Benes, and the many others whose names and whose ideas have proved distasteful to the Big Brother of today, but whose names and ideas may even survive those of Gottwald and Navotny.

FRED M. WREN, Editor of CHESS LIFE

The Height of Something or Other!

Walter Muir, Chess Champion of Roanoke, Va., recently sent a move in a correspondence game to an opponent in Czechoslovakia. The postcard happened to bear a United States postage stamp through which this country honored the 110th anniversary of the birth of the founder and first president of the Czechoslovak Republic, Thomas G. Masaryk. The card was returned to Muir, bearing notations in several languages that it was "not admissible" to Czechoslovakia. When Muir sent a second card, with another kind of stamp with less dangerous political connotations, it went through without difficulty! And the Communists call us stupid! Messrs. Pachman or Opocensky are offered equal space in CHESS LIFE, if they care to explain or comment on this incident.

(If, after reading the preceding paragraph, you feel that you may have seen it somewhere before, you are probably right. It appeared on this page in the issue of September 20, 1960, and is reprinted now to set the scene and tempo for the following letter from Karel Opocensky, Interntaional Master, International Arbiter, and Editor of the FIDE Quarterly, who wrote from Prague on Nov. 3, 1960:)

"In number 2, Vol. 15 of "Chess Life" of September 20, 1960 I read the article "The Height of Something or Other!"

In this article, you ask Grand Master Pachman or myself to comment on the case outlined in the article. Since Grand Master Pachman is at present in Leipzig at the Chess Olympics, where he is defending the colours of his country, there remains just myself to reply:

First, permit me to recall an era of the recent past. At that time the Czechoslovak people stood alongside the American people in the fight against Nazism. At that time, my wife and all my relatives died under the Gestapo ax. I consider that they laid down their lives in the fight for freedom, not only for the Czechoslovak people but for the Americans as well. And this circumstance justifies my answering you frankly.

We will not argue on the significance of T. G. Masaryk. We probably hold different opinions. But this question is not the main issue of your article and has not, and cannot have, anything in common with my opinion on the whole affair. It is natural that at the time when the United States government is conducting a "cold war" against all the socialist countries in Europe, every method of dealings of American citizens with those of all the socialist countries is of special import. And stamping the letter of Mr. Muir to the Czechoslovak chess player with a stamp bearing the picture of T. G. Masaryk must be considered as a rude political provocation and an attempt at political infiltration. And every such attempt, be it a stamp or transmissions of "Voice of America" or any other act will find only one answer today and in the future, "not admissible."

But all the Czechoslovak chess players want to live in friendship with American chess players. Please take special notice of this. They want to play correspondence matches with them and exchange experiences and wish, from the bottom of their hearts, great success to American chess players, but only on the basis of mutual respect and mutual understanding. Permit me to present one example: This year your students achieved outstanding success when they won the world university teams championship. An ironical note is that they won this

world championship in Leningrad, the city of Lenin, and won it in a contest sponsored by the Democratic Union of Students, which you consider Communist. But we rejoiced at your victory because in it we perceived the sound results of mutual competition even on a politically difficult basis, and we would like in the future to meet with American chess players again.

I, personally, have been attentively following the development of your young, talented players, the work of Fischer and Lombardy, and your organizational work "Operation M," where you are trying to develop chess playing in the United States.

I wish you much success as becomes the land of the chess tradition of Morphy, Pilsburry, Marshall and others and also the land with the

traditions of Abraham Lincoln and Benjamin Franklin."

In the last editorial which I shall have the pleasure of writing for CHESS LIFE I should like to comment on the fourth paragraph of the letter quoted above. In the first three sentences the writer indicates that the name of T. G. Masaryk may be dismissed as being without significance, to the matter under discussion. The hell it can! Masaryk was to the Czechoslovak Republic what George Washington was to the United States-its founder and its first president. His name, therefore, belongs to History, and to the World. If the United States Government sees fit to issue a memorial stamp honoring the 110th anniversary of his birth, communications bearing that stamp should pass freely through the mails of any country in the International Postal Union. Reverting to the comparison with George Washington, I remind Master Opocensky and our other European readers that Washington led a successful revolutionary movement nearly two hundred years ago, which resulted in thirteen colonies breaking away from the mother country, England, and in the formation of the United States of America. The Revolution was a bloody affair of seven years duration, and England has never ceased to moan the loss of her American colonies. England has little reason to revere the name of Washington, who was-lets' face it-a traitor to the British Crown. Or the names of Lafayette, or Pulaski or Von Steuben, to name only a few who contributed in such large measure to his success. Yet memorial stamps bearing the names and faces of these men have for years carried mail from the United States to and through every part of the British Commonwealth, without the slightest idea on the part of the American correspondents or of the British postal authorities of "rude political provocation" or "attempt at political infiltration."

I well remember your beautiful city of Prague, Master Opocensky, and the friendly people who lived there in the early 1930's. As I remember it, several of the public squares contained statues of T. G. Masaryk, and I know there was a large one of Woodrow Wilson, through whose vision and efforts the ancient dream of a Czechoslovak Republic became reality. I remember that several of my Czech friends spoke with pride of the constant fight for freedom which their ancestors had made, of the unsuccessful Czech revolt which culminated in the famous Battle of the White Mountain in 1620, and of the subsequent religious and political persecutions to which they had been subjected under Austro-Hungarian rule-now all happily ended with the establishment of responsible government, free elections, and religious and political freedom. Where are they now-the friends whom I cherished, and the institutions which they loved? Some of them undoubtedly perished along with your family at the hands of the Gestapo. But, since I have gone so far in my attempt at "political infiltration" I may as well go a bit further and remind you that Gestapo axes cut no deeper, nor more impersonally, nor more finally, than those of any other totalitarian police state. Some of the Czech friends mentioned have discovered the truth of that statement in the last seconds of their lives. I am happy to say that others have fled-over, or under, or through the Curtainand are now living in various decadent capitalistic centers, where they may listen to "Voice of America" or "Voice of Moscow" with impunity, and after listening, decide for themselves-again with impunity-which one is the "Voice of Truth."

This brings to mind Big Brother's Ministry of Truth in Orwell's "1984"-you should read it, Master Opocensky!-the government bureau in which the book's hero labors daily. His work? Writing and rewriting History in terms of the whims and policies of Big Brother's administration; elimination of names and dates and photographs and all other references to events which Big Brother thinks best forgotten. It would appear that such a "Ministry of Truth" is now operating in Czechoslovakia, and that Masaryk's name and deeds have been expunged from the history of the country.

I share your wish, Master Opocensky, that the chess players of your country live in friendship with the chess palyers of my country. On behalf of the chess players of the United States I accept your congratulations on the achievements of our world champion student team, and thank you for your interest in the development of our young grandmasters, Fischer and Lombardy. We have the same admiration for the

GAMES BY USCF MEMBERS

Annotated by Chess Master JOHN W. COLLINS

USCF MEMBERS: Submit your best games for this department to JOHN W. COLLINS, Stuyvesant Town, 521 East 14th St., New York 9, N. Y. Space being limited. Mr. Collins will select the most interesting and instructive for publication. Unless otnerwise stated notes to games are by Mr. Collins.

Saidy Tops Canadian

Anthony Saidy of New York, a medical student at Cornell, a member of the victorious U. S. Student Team at Leningrad, and fifth prize winner in the U.S. Open at St. Louis, topped off his summer of chess by winning the Canadian Open in August. Anthony presents his best and most crucial game from the event with full and illuminating annotations.—JWC

The pawn-grab looked too risky: 10. P-KN4, N-B5; 11. BxN, PxB; 12. QxP, P-B4; 13. KPxP, PxP; 14. P-N5, Q-N3 with strong play for Black.

10. P-B4 11. PXP PXP 12. B-Q3

The position resembles Sherwin-Reshevsky, Rosenwald, 1957-58, except that in the latter game the QBPs were not exchanged. The exchange costs Black an extra tempo but now White's Q-side is slightly more exposed. I believe that White stands better in both positions. Sherwin won in fine style.

12. 13. KN-K2

I was probably wrong in rejecting 13. KBxP! RxB; 14. P-KN4, R-B2; 15. PxN, N-B4; 16. P-R6, B-R1; 17. Q-N2 ch, with a strong attack.

13. N-B4 14. B-QB2 P-N4 Not content to go slow until White gets in P-KN4 with a strong K-side at-

15. BXN Judiciously shifting the scene of action to the center.

15. PxB 16. P-Q6

This Pawn is both powerful and somewhat vulnerable. 16. **B-K3**

17. N-Q5 BxN Weinstein stated that he feared a very bad end game after 17. ..., Q-Q2: 18. N-B7, QR-Q1; 19. NxB, QxN; 20. Q-Q5. 18. QxB ch K-R1

19. N-N3 Weinstein said also that here 19. P-Q7 was best, to be able to answer the dangerous, Q-B3 with Q-Q6. Here I am borrowing Sherwin's move. It is notable that in this game Bishops of opposite colors, far from being drawish, provide attacking chances to both sides. Such is often the case with heavy pieces present-neutraling exchange of Bishops is impossible.

19. N-B5 I had planned the following aggressive idea, but I cannot vouch for it: 19., NxN; 20. PxN, Q-B3; 21. R-R5!, P-K5; 22. QR-R1! QxP ch; 23. K-Q1, P-KR3; 24. PxP. If now, PxP, then White gets a probably winning end-game with 25. QxKP, Q-R8 ch; 26. B-N1, Q-Q5 ch; 27. QxQ, PxQ; 28. RxP, QR-N1; 29. B-Q3, KR-Q1; 30. P-Q7. 20. Q-Q2

My other plan was now 20. Q-N7, Q-N4; 21. NxP!? but I abandoned it because of 21., N-Q6 ch; 22. K-N1, N-B7. Even now after 23. P-KN4 White should not stand poorly. But best of all may be simply "calling the sacrificial bluff" by 20. QxBP. 20.

21. K-N1 Q-R5 NxP; 22. Q-B7, QxQ; 23. PxQ, N-K6; 24. R-Q7, is a very promising Pawn sacrifice. I now had to make 30 moves in the next 30 minutes.

P-QR4 21. 22. N-K2 Striving for the thematic P-KN4. 22. N-K3 Not 22., NxP; 23. Q-N5, N-B5; 24. NxN, PxN; 25. R-Q5.

23. Q-Q5

Position after 23. Q-Q5

23. R-R3 Losing a vital tempo. Obligatory was 23., N-Q5; 24. NxN, BPxN; 25. P-KN4, R-R3! 26. BxP, QxP; 27. Q-K4, P-R3 with some drawing chances. Now the "long diagonal" becomes overwhelming. (Short diagonals hardly ever win anything).

24. P-KN4 PXP 25. PXP N-Q5 26. NXN KPxN Nor was there hope in 26., BPxN; Q-K4, B-B3; 28. KR-B1, RxP; 29.

P-N5. 27. Q-R5 P-Q6 No hope either in 27., B-B3; 28. P-N5, B-K4; 29. P-N6, BxQP; 30. KR-N1!

28. RXP B-Q5 29. R-R3 R-B2

30. R-K1 The final attacking mobilization, i.e., the last straw.

RXP 30. 31. RXP R-K2 32. B-B5ch

A prettier, more thematic exploitation of the white squares would have been 32. R-KB1, Q-Q1; 33. B-Q3 ch, K-N1; 34. BxP!! followed by B-B4. However, when you have about seven minutes to make 18 moves and you can win the opponent's Queen, you cannot be too choosy. Black did not have much more, so the pieces began to fly thick and fast. When the storm clears on move 50, a calm sea and blue sky take over, and navigation is no longer a problem.

Master Collins has been trying for the past two years to get a Christmas message printed on his CHESS LIFE page in the Dec. 20 issue. One year he didn't remind the editor in time, and last year your editor forgot it. This year, however, they clicked, and Master John W. (Jack) Collins wishes a Merry Christmas and a Happy New Year to every reader of CHESS LIFE.

Smith Beats Weinberger

Eighteen year old Jim Smith of Phoenix scored an upset by defeating Tibor Weinberger, Hungarian-born California Champion, in the last round to win his city's big event.

WASSERMAN UNDEFEATED AT GRAND RAPIDS

Joseph Wasserman won seven and drew one in a five-player, double round robin sponsored by the Hollway Chess Club of Grand Rapids, Michigan, and played at the Central YMCA in that city Aug.-Oct., 1960, winning the top honors in the Grand Rapids Rating Improvement Tourney of 1960, with his 71/2-1/2 score. Second was Latvis Celmins with a 5-3 score, Robert Uhlmann was 3rd with 41/2-31/2, and he was the only player to draw with winner Wasserman. Tournament Director August Lauzon and James Hanink finished fourth and fifth respectively, with minus scores. The success of this small but strong tournament has encouraged the organizers to repeat the event early in 1961, with good prospects for a larger entry list, and increased spectator interest.

CREW TAKES LOUISIANA OPEN

Woodrow Crew of Shreveport topped a 34-player field to win the 1960 Louisiana Open, and the state championship. Although defending champion A. L. McAuley of New Orleans tied Crew's 5-1 game score, he was relegated to 2nd place through tie-breaking procedure. Third to fifth in the order listed were John Poole, W. T. Miller, and James West, after each had scored 4½-1½. The L.C.A. Amateur Championship event was run off concurrently, with 24 entrants. Milton Blumenthal of Houston, Texas, was the winner with 5½-½. Bruce Francis and J.S.E. Gary, both of New Iberia, La., placed 2nd and 3rd on tie-breaking after each had scored 41/2-11/2. Johnny West of Keesler Air Force Base was 4th, topping a five-way tie at 4-2 with the following: Dennis Murphee, Lt. Jack Fox, Lonnie Moore, and John White, Jr.

Both events were USCF rated, and were directed by C. J. Cucullu, assisted by Andy Lockett, both of New Orleans, Former USCF official, A. Wyatt Jones, was elected to the L.C.A. Presidency in the annual business meeting. Mr. Jones was the Association's first President in the founding year 1947. A. L. McAuley was re-elected Secretary-Treasurer.

SMITH TAKES DALLAS QUALIFICATION EVENT

USCF master Kenneth Smith followed up his recent success in the SCA championship by making a clean sweep in the Texas Region III Qualifying Tournament, played at Dallas Texas, October 15-16. With a 5-0 score he emerged the only undefeated player in the 15entrant event. Robert B. Potter was 2nd with 4-1, Leon Poliakoff and W. T. Strange were 3rd and 4th, each with 3½-1½, while Robert McCready with 3-2 placed 5th. The event was directed by Emile Gilutin, the man who is given credit for selling the Dallas Chamber of Commerce the idea of parting with \$10,000 good Texas dollars to sponsor the great Dallas International Tournament of 1957.

GOMPERS PARK BEATS NORTHWEST

Gompers Park Chess Club of Chicago defeated the Northwest C. C. of Des Plaines 81/2-61/2 in a 15-board match held at Gompers on November 4.

Winners for Gompers included Skoff, Maslovitz, Tom McCloud, Parker, Schuetz, John Burton, and Frewert. For the losers, Youngquist, Barker, Jr., Morales, Barker, Sr., and Harrington scored full points. Three games were drawn, one by adjudication.

Although Gompers took the lead quickly, the issue was in doubt until the last four games were finished. Here the highlight was Bender's forcing a draw in an endgame in which he was down a piece.

A return match, to be played at Des Plaines, is tentatively planned for a later date.

LAST WORD ON WOODPUSHER-HOLSTEIN FEUD

With reference to the "Letter From Home" item on Page 8 of the Nov. 5 issue, the following message was received from Drew Downey of Arlington, Va., who, unlike your retiring editor, has had the dubious pleasure of meeting the redoubtable Colonel Morphy Holstein in the flesh-of course that was several years ago when the Bull still wore some flesh!

"Re the continued outpourings of Present Bull from North Carolina, and the spurious colonelcy assumed by Holstein (a damyankee masquerading in local vernacular): Any student of Bismark would know that the "F.M." in F. M. Wren, stands for "Field Marshall." I demand equal space to resent the slur cast by Holstein's demotion of our favorite editor."

Thanks, Drew. "To you, from failing hands . . ." etc. Suspecting that Holstein's study of military science had never progressed beyond the story of the Battle of Hastings, I was sure that he had never even heard of Bismarck, and was thus unfamiliar with the significance of the two initials in my "nom de plume." And, as I have had no desire to be drafted by the United Nations to take command of the forces in the Congo or in Korea, I was content to remain incognito. Your request for space is herewith referred to the new editor of the new CHESS LIFE. F.M.W.

Mate The Subtle Way!

by Nicholas Gabor

All communications concerning this problem-column, including solutions as well as original compositions for publication (two- and three-mover direct mates), from composers anywhere should be sent to Nicholas Gabor, Hotel Kemper Lane, Cincinnati 6, Ohio.

The composer of No. 1117 is the Problem Editor and Publicity Officer of the "Busmen's Chess Review," a periodical chess publication of the London Transport Service. In No. 1118 White need not worry about the B1 K capturing the pawn. Three black pieces are paralyzed and the result is fatal. . . . No. 1120, the threemover, will certainly look familiar to the composer of No. 1119, the twomover. It was sent to us by Mr. Edgar Holladay, Problem Editor of the American Chess Bulletin.

To our Solvers and Followers: MERRY CHRISTMAS and HAPPY NEW YEAR!

Mate in two moves

Problem No. 1105 Morice: close try 1. R-K4 threat 2. N-B7 which works in 4 variations, defeated only by 1., R-Q2. Key 1. Q-K4 with same threat. Perfect construction, fresh, decorative play after the self-pinning black defenses capturing the Wh KP. No. 1106 Willemsens: try 1. Q-B4 defeated by 1., N-K5. Key 1. QxP, threat 2. QxP. Three flights of the K on one and the same rank, of which 2 are lost after the defences,-quite an accomplishment. No. 1107 Iwanowitsch: keymove 1. Q-R8 threatening 2. PxB disc. mate, the P promoting to N if necessary. (After 1., RxN) This problem is a novelty, employing extra pieces which came on the board by pawn-promotions. ("Obtrusive" pieces.) The contest, of which this work was the first-prize-winner, was arranged for the exploitation of this rather new possibility in problem-construction. Quite a number of variations. No. 1108 VanDijk: keymove 1. R-N4 threatening 2. P-K4 ch! and after 2. BPxP, 3. QPxP while after 1. PxP en Passant, 3. RxQP mate. Black's PQ5 is the sensitive spot. The two variations produced by the defensive moves of the B1 Q are truly masterful, causing interferences with the B1 R and B. 1. Q-N5, 2. RPxP (Threat 3. B-B6 mate) 2. P-B5, 3. RxQP. (The Q cut off the B!) After 1. Q-N2, 2. K-B7, P-B3, 3. RxQP. (The Q cut off the B1 R!) If 1, Q-K6, 2, RxQ etc.

So Long

Having been given carte blanche by the new USCF administration to use either Page 1 or Page 4 of this issue for a farewell message to the readers of CHESS LIFE, I had prepared a rather long parting sermon for Page 4. Then came the letter from Master Opocensky, and Page 4 is cheerfully relinquished for a message far more important to all of our readers than any tear-jerking good-bye from me could be.

This, then, is it! I didn't want the job in the first place, but its been fun, and I hate to leave you. Thanks to every one of you who has helped me through the last three years. A MERRY CHRISTMAS AND A HAPPY NEW YEAR TO YOU, AND MAY GOD BLESS YOU ALL, is the sincere parting wish of The Old Woodpusher. F.M.W.

LING TOPS MAD RIVER OPEN

Zwicker, Otto (Wheeling, W. Va.)..1401*

Zwerdling, Ted (Miami Beach,

Fla.)

Richard Ling scored 4½-½ to win the Mad River Open at Spring-field, Ohio, Nov. 12 and 13. Michael Bredoff was second with 4-1, while James Crider, Fred Bauer, and James Schroeder, each with 3½-1½, placed 3rd to 5th in that order. Sponsored by the Ohio Chess Association, the event was directed by James Schroeder.

TOURNAMENT AND MATCH RESULTS

If some of the items listed below are duplications of what you have seen in previous issues of CHESS LIFE, please forgive us—we can promise definitely that it will not happen again. These news items were gleaned from the pages of the IDAHO CHESS BULLETIN, the OHIO CHESS BULLETIN, Pittsburgh's EN PASSANT, the MICHIGAN CHESS BULLETIN, CANADIAN CHESS CHAT, and personal letters to your editor.

MICHIGAN AMATEUR, 1960, won by Lindell Brady of Flint, followed by Robert Reibel, Royal Oak, Lewis Hamilton, Lansing, and John Kelly, Lansing, each with ½ point less than the winner.

OHIO VALLEY OPEN, won by Pittsburgh's George Baylor with 4½-½; 2nd, Landis Marks of Huntington, W.Va., 4-1; 3rd, Bill Byland, Pittsburgh, 4-1; no Ohio player took part. Reason? Some say West Va.'s late announcement of event—others claim Jim Schroeder's Mad River Open with conflicting dates.

FOREST CITY OPEN, (Cleveland) Nov. 12-13, won by Richard Kause, 5-1; 2nd, Ross Sprague, 4½-1½; Harkins, Townsend, and Opalek tied for 3rd with 4-2.

MATCH: Akron-Canton. Canton won 1st match on 12 boards, 91/2-21/2. Akron took the 2nd on 9 boards, 7-2.

UTAH STATE TOURNAMENT, won by Daniel Fischeimer of Chicago, 7-0, but 2nd place Henry Snyder of Salt Lake City, as highest scoring resident, took state title with 5½-1½. Farrell Clark and Gaston Chappuis tied for 3rd with 5.2.

MATCH-Utah-Idaho, winning on Boards 1 to 13 in a 27 board

match, Utah took the match easily, 18-9.

SEATTLE SEAFAIR OPEN, won by Viesturs Seglins, 5½-½; Gordon and Dalbergs each scored 5-1; McCormick, Schultz, Towne, and Braley each scored 4½-1½.

SEATTLE OPEN, Viktors Pupels won with 5½-½; 2nd, John Braley, 5-1; 3rd, Mike Franett, who topped Jim McCormick on tiebreaking after each had scored 4½-1½.

MONTANA OPEN, (last spring) Won by Gerald Moore, 4½-½; 2nd to 5th on tiebreaking, Ellek Papp, John Barto, Chester Engle, Dr. Adam Smith, after each had scored 3½-1½.

QUEBEC PROVINCIAL CHAMPIONSHIP, won by Lionel Joyner of Montreal, recently announced as the leading correspondence player in North America in CHESS REVIEW postal play. He scored 5½-½, to top Siklos, Schlosser, and Therien, who finished in that order after scoring 4½-1½ each.

MANITOBA PROVINCIAL CHAMPIONSHIP, won by Canadian champion, D. A. (Abe) Yanofsky, 4½-½, followed by Brother Harry, Prof. Jack Woodbury, and Howard Rideout, each of whom scored 4-1.

MAINE OPEN. Won by Carl Freeman, of Boston, who upset the veteran defending champion, Harlow Daly, who finished 2nd. 3rd place was taken by Bill Newberry of West Haven, Conn., with Larry Eldridge and Stuart Laughlin 4th and 5th on tiebreaking. No game scores furnished.

LEIPZIG REPORT

The following letter from Grandmaster Isaac Kashdan, non-playing captain of the 1960 United States Olympic chess team, represents his report on the event to Mr. Jerry Spann, Chairman of the USCF Committee on International Affairs.

Mr. Jerry Spann

November 19, 1960

3011 Paseo

Oklahoma City 18, Oklahoma

Dear Jerry:

This is an informal report, rather belated, of the Olympic chess team at Leipzig. Let me say first that it was a thrilling and exciting experience for me. It was you who gave me the opportunity of acting as captain, and I am deeply appreciative.

I think that second place was the best that we could have accomplished in the present state of our chess development. Our team might certainly have been strengthened if Reshevsky and Evans had been available in place of Rossolimo and Weinstein. Though it must be considered that Reshevsky would have missed at least four rounds in the finals.

But suppose we had our best possible team and we gained four or five points more than we actually obtained. Would we be any closer to the winning Russians? I doubt it. Let me cite what happened in the last round as an example. Russia was matched with England, which was in last place. Tal had a difficult game with Penrose, but was naturally expected to win. Korohnoi soon obtained a winning game against Barden. But Keres versus Clarke and Petrosian versus Wade were drifting into very drawish endings.

It looked reasonably sure to be a 3-1 win for the Soviets. They had won every match without the loss of a single game and were just coasting in. Then suddenly Tal blundered and Penrose won a piece. He played beautifully to force the win, though quite short of time. But what about the other games? Keres and Petrosian adjourned their games, instead of agreeing to draws as they might well have done. The next day they both won with almost ridiculous ease, as the English are notoriously weak endgame players.

The final score of the match? Why, 3-1, as apparently planned. My point is that if the Russians had needed an additional five points, they could have put on the pressure and gotten them.

I went into this at length because of comments in New York about what might have been. But why consider the players who were not interested in going with the team? With one exception our boys did a splendid job and deserve proper recognition. They beat out some fine teams, particularly the Yugoslavs and Hungarians, They also could put on some pressurc. In the last round, when Yugoslavia was only a point behind, we beat East Germany by 3½-½ to make certain of second place no matter what the other fellows did.

I met Bobby Fischer for the first time when he walked into the Astoria Hotel in Leipzig. He had been in Iceland when the rest of us left New York. He is a tremendous player, as we have known for some time, of course. I had been warned that he would be hard to handle, but found no real problem with him. All he wants is to play chess. When he got through with his match game he would get hold of Tal or Petrosian or Pomar and play rapid transit chess for half the night. But he had enough sleep and didn't miss a game in the finals. He was always ready to analyze adjourned games.

Lombardy was the big surprise when I first got to New York, and we would certainly not have made second without him. He did not do Mess Life Tuesday, Page 15

CORRECTION

On Page 4 of the October 5, 1960 issue of CHESS LIFE a game score appeared from the 1960 U.S. Open bearing the heading "Avram-Marchand" — a game in which our columnist ex-master, and current New York State champion, Erich Marchand, lost a Sicilian Defense. We are now informed that the player of the White pieces was not the Washington master, H. Avram, but the Detroit expert Gary Abram, Mr. Abram informs us that we may expect a libel suit-not by him, but by Avram, when the latter sees the quality of the play erroneously ascribed to him. We apologize to both players for the obvious typographical error.

SWAP SHOP

In what will undoubtedly be the last appearance of this column (swaps cut into the cash sales) David Ames, 488 Beale St., Quincy 69, Mass., offers what he calls an "exotic collection": "Keres' Book on the French, in Estonian; an old edition of Taimanov's' Nimzo-Indian Defense"; in Russian; and ditto for Smyslov and Levenfish's 'Theory of Rook Endings'. I have some items too, not so glamorous, but there must be someone who might want them -I did once!" David goes on to say that he will make up a list if anyone is seriously interested.

too well in the last week, partly due to a nagging cold. I probably should have taken him out once or twice, but he insisted on play ing and I had no real reserve for the big matches, unfortunately.

Byrne played a hard, solid game and rolled up the points for us. He came closest to the prize for best score on third board, finishing with 80% to Keres' 80.8%. He seemed to need more sleep than the others, and was hardly around except for the games. He tells me his brother may be coming back to chess within a year, which would add considerably to our chances next time.

Bisguier proved to be a bit too optimistic to start with. He had a penchant for making dashing piece sacrifices with no particular concern whether they were sound or not. I had a real time trying to convince him that we needed points, and not fireworks just to have fun. Twice I had to take him out because I felt he was playing too carelessly. I think this paid off because he scored four points in his last five games when the chips were down. In the last round he sacrificed two pieces against Malich of East Germany, but this was a real brilliancy and well calculated.

Rossolimo was badly out-of-practice, so couldn't be played much. (Continued on page 16)

As you predicted, Weinstein was a delight to work with. He was always ready to play and was always anxious to help in any way he could. He won his first six games in succession, including two in the finals. He then drew against Hungary and lost in his final appearance against Czechoslovakia. He had all the better of the game but overlooked a mate in time pressure. It was a real heart-breaker, but on the whole his score was about right, as he had some good breaks earlier. He is a hard worker and will undoubtedly improve.

Playing conditions were ideal. The East Germans were out to improve on the arrangements in Munich and they succeeded by all accounts. We were put up in the best hotel in Leipzig, with ample allowance for food and all the spending money we could reasonably expect. The playing facilities were spacious, well lighted and excellently arranged for players and spectators. Individual rooms were assigned to each team, which was especially helpful to the captains and reserve players, who could use a little privacy.

Bulletins containing all the games were issued daily, so we could keep in touch with opening innovations etc., with a minimum of efforts. All sorts of statistical Terry Jobion was developed for us. Press facilities were available for reporters at all hours, and the officials were always there when needed.

Before closing I should say a word on the captain's role. It was essential to have someone in charge, and perhaps it was best to have a non-playing captain. There was enough temperament and potential personality clashes on the team to lead to a blowup without firm control. Whether the captain should be a master player is a question I can hardly answer. But the captain must command the respect of the players, and he must get involved in all their activities during the tournament.

One more thought, for the future. The Russians do not seem to be developing new young players in the last few years. Since Tal and Spassky there is a real dearth of talent in their ranks. If our boys keep at the game, and Kalme, Saidy, etc., keep developing, we may give them a real battle in a couple of years.

Whether we can develop enough incentive to accomplish this is a real question. This is perhaps the biggest challenge to our chess organizations today.

With best personal regards, Sincerely yours, Isaac Kashdan

Although this is the largest issue of CHESS LIFE to appear in the past three years, it may be one of the latest, as well. If so, it will be because the large list of ratings was not completed until two weeks after the customary deadline date for the issue. F.M.W.
